BUSINESS TRAVEL MANAGEMENT

We have the perfect solution for companies that need to send their staff on a business trip on a regular basis.

If you have delegates or employees who need to visit the same destinations every weekly or month then make use of the possibility of pre-scheduling flights or car rentals and hotel bookings for months in advance.

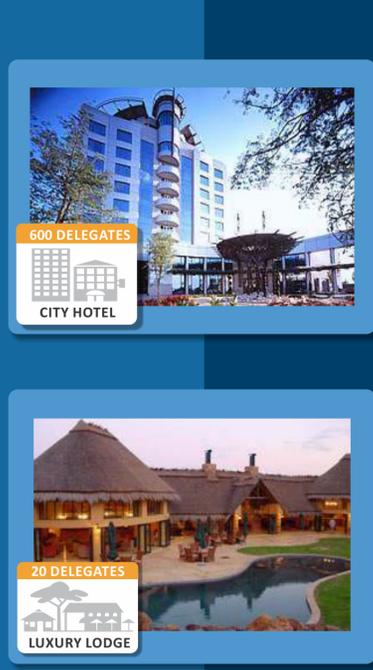

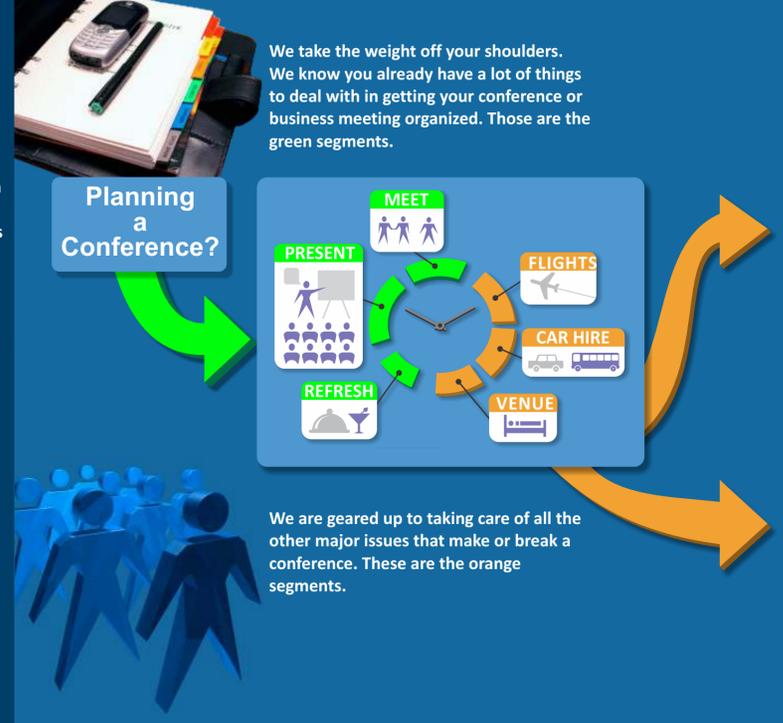

This allows you to obtain a good up-front price for the whole year, which piece-meal reservation does not provide. The style and ambience of your venue goes a long way to reinforcing the delivery of your message.

The ambition to host a successful conference is usually driven by one of two things:

- Convenience
- More Convenience

However, the ambition to host a memorable conference is sometimes overlooked.

We represent the widest range of conference venues in South Africa, meaning that once we know what you are hoping to achieve, we will find the venue.

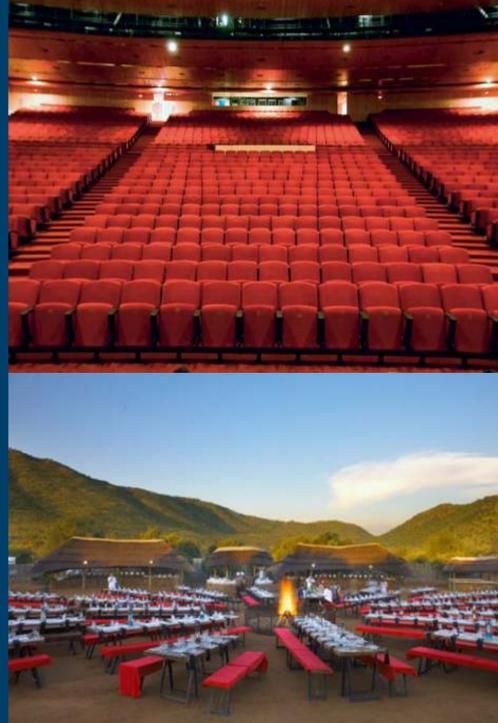

IN THE CITY

These are the perfect opportunity for a large event. Proximity to the airport, with first-class hotels nearby which can accommodate all your delegates and guests, are reasons to choose this kind of conference venue.

IN THE COUNTRY

Game lodges and luxury country estates offer unique opportunities for themed conferences and events. The quiet bush environment will calm your mind and keep you fresh and excited for the next round of presentation - always knowing that after the conference or function your ultimate wildlife experience is waiting for you.

TEAM BUILDING GET AWAYS

Let us send your staff or group off to an amazing trip full of outdoor adventures in the Namib Desert, let them play a round of Golf in the Cape Winelands and enjoy scenic views at the same time.

The team spirit can also be formed during a group safari in the Masai Mara in Kenya, a wooden canoe (mokoro) trip in the Okavango Delta, Botswana, or some funny beach activities in Mozambique.

Possibilities are endless. Our experienced team will find the best team building solution for you. Our services start with selecting the most suitable destination or venues for our clients' needs, and include all aspects of the trip or event.

INCENTIVE REWARDS

Nowadays, every company knows how important it is to keep staff motivated and to encourage employees to stay with a company and contribute their best.

So how about giving something back to them? Show them that you value them and recognize their work by rewarding them with an incentive travel option.

Our extensive and varied Travel Portfolio will provide you with ample choice to fit your incentive rewards budget.

EXECUTIVE LEISURE

Let us take care of all the travel arrangements for executives and people with a busy schedule. We offer a full array of leisure travel services.

These include pre and post conference break-away trips, wildlife safaris and a well deserved escape or a relaxing beach holiday.
